11th November 2024

Dear Parent/Carer,

At the end of each term, we review the teaching groups across the school. This often results in changes of class for some of our students. These changes are designed to support all our students' learning by making sure that each student is in the most supportive environment to meet their individual needs and better facilitate interventions.

For year 7 in Maths, the sets are organised with three mixed ability sets (coded as 2, 3 and 4) and one challenge set (coded 1). So, other than set 1, the numbers attached to the classes are for lesson scheduling purposes only and do not refer to any sets. All students will follow the same scheme of learning and all students have appropriate challenge embedded into every lesson.

These changes will come into effect from 14th November. If you wish to discuss these changes further, please contact enquiries@stockport-academy.org

Yours sincerely,

E Smith

Miss Smith
